Report

On

Career Counselling program

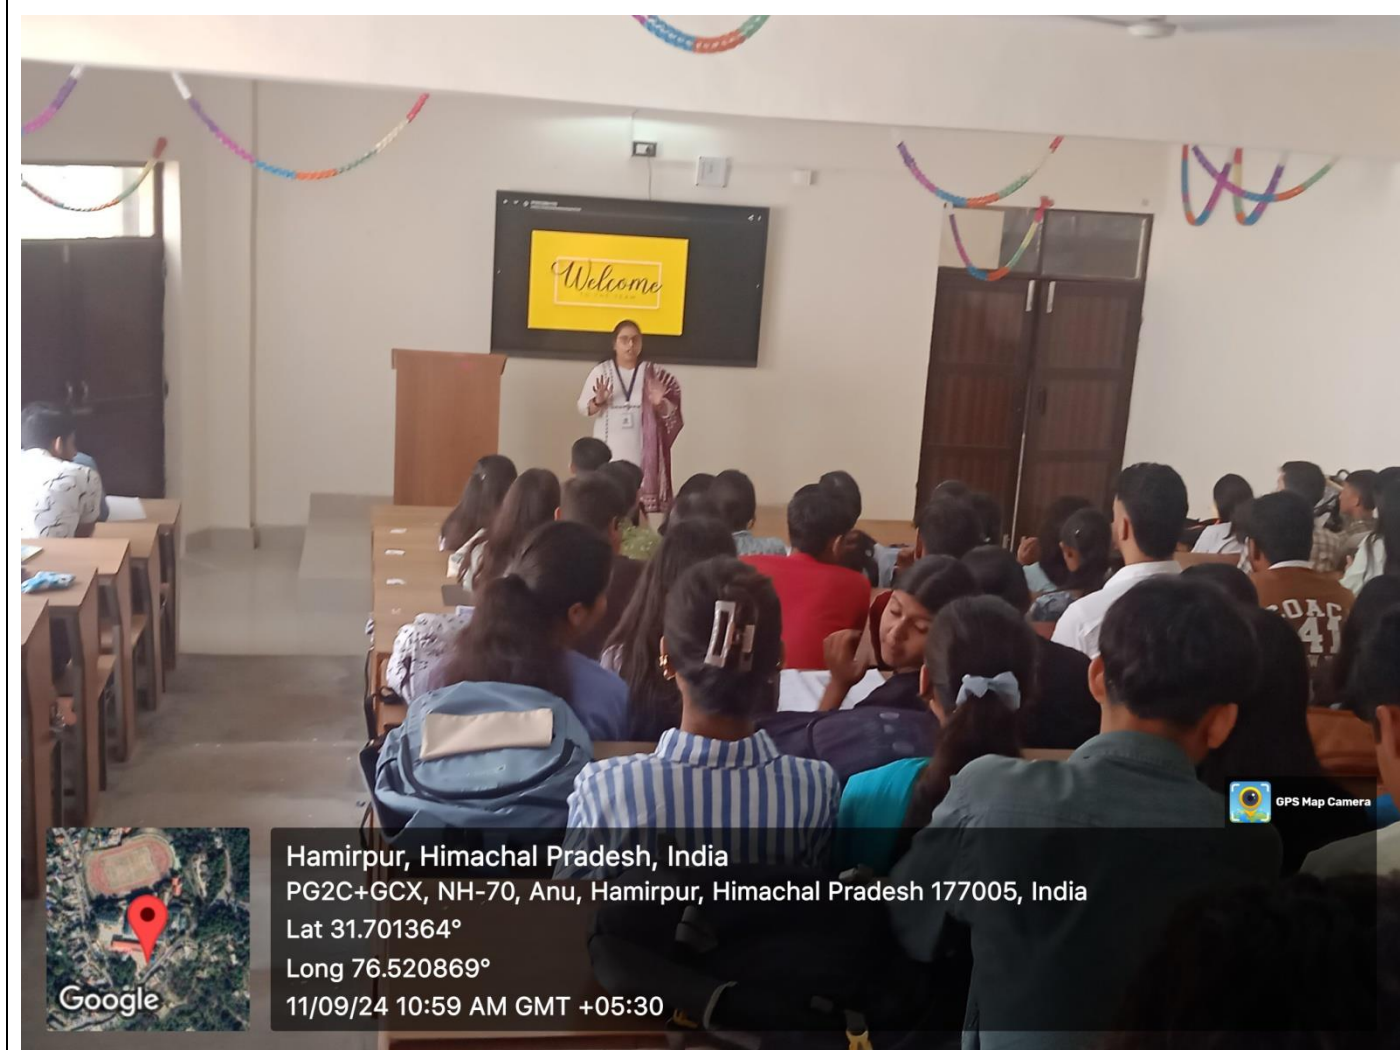

Dated – 11/09/2024

Participated classes – BBA – 1ST SEM , 3RD SEM ,5TH SEM

Number of student: 141

Innovation and entrepreneurship are two interconnected pillars driving economic growth, technological advancement, and societal progress. This report delves into the symbiotic relationship between these concepts, exploring their significance, key elements, and impact on various sectors.

The school of business administration organized an interactive session on 11/09/2024, for students of Bachelor of Business Administration, focusing on advance computer knowledge and job readiness. The counsellor covered topics like emerging technologies, technical skills for employ-ability, and job preparation in finance and technology fields. At the end of the session, a scholarship test was conducted. The event was a great opportunity for students to enhance their computer skills and explore career options in technology.
