REPORT

The Department of Botany organized a **Post-Admission Counselling-cum-Departmental Orientation Programme** for the newly admitted M.Sc. Botany 1st Semester students on 03/08/2026 at 10:30 a.m. in PG Laboratory-II. The programme aimed to acquaint students with the academic environment, departmental facilities, curriculum, laboratory practices, research opportunities and various student support activities.

All members of the Botany teaching faculty were present and interacted with the students throughout the programme. The faculty introduced the departmental infrastructure, laboratories, library resources, attendance requirements, internal assessment system, examination pattern and laboratory safety practices. Students were also acquainted with the department's research facilities, dissertation work, research methodology, field studies and opportunities to participate in seminars, workshops and extension activities. Special emphasis was laid on preparing students for national-level competitive examinations such as **CSIR-UGC NET, CSIR-JRF, GATE and Ph.D. entrance examinations**, and faculty members shared guidance regarding study strategies, research aptitude, higher education opportunities and career prospects in teaching and research.

The programme concluded with a vote of thanks, expressing gratitude to the Principal for his encouragement and support, the faculty members for their valuable guidance, and the students for their active participation. Overall, the orientation programme proved to be highly informative and beneficial in familiarizing the newly admitted postgraduate students with the department, its academic and research facilities, laboratory resources, and the opportunities available for advanced learning, research, and preparation for national-level competitive examinations
