REPORT

The Department of Botany organized a **Post-Admission Counselling-cum-Departmental Orientation Programme** for the newly admitted B.Sc. First Semester students on 07/07/2026. The programme was **chaired by the Principal**, whose inspiring address encouraged the students to pursue academic excellence, maintain discipline, and actively participate in curricular and co-curricular activities. The **Head of the Department of Botany** and other faculty members were also present and interacted with the students throughout the programme.

The orientation included an introduction to the Department of Botany, its faculty, academic structure under NEP-2020, attendance requirements, internal assessment, and examination pattern. Students were familiarized with the departmental laboratories, museum, herbarium, laboratory safety measures, and the proper use of scientific instruments. Information regarding practical work, field visits, plant collection techniques, the Eco-Club, research activities, and career opportunities in Botany was also shared.

An interactive session was conducted to address students' queries and encourage them to participate actively in departmental, academic, and extension activities. The faculty members emphasized the importance of regular attendance, practical learning, environmental awareness, and scientific temperament for holistic development.

The programme concluded with a vote of thanks, expressing gratitude to the Principal for presiding over the event, the faculty members for their valuable guidance, and the students for their enthusiastic participation. Overall, the orientation programme was highly informative and successful in helping the fresh entrants become familiar with the department, its facilities, and the opportunities available for their academic and personal growth.
