“Bringing 42+ years of
Field-Tested Expertise”

10:00 AM

18-20 AUGUST, 2025

APJ KALAM CONFERENCE HALL

A BOTANY DEPARTMENT INITIATIVE

REPORT DAY-1

INAUGURAL FUNCTION

DATE: 18th August, 2025

VENUE: APJ KALAM CONFERENCE HALL

The Department of Botany, in collaboration with the Internal Quality Assurance Cell (IQAC), the Career Counselling & Placement Cell (CCPC), the Eco-Club and Bose Botanical Society successfully commenced the Three-Day Workshop on Self-Employment and Skill Development on Mushroom Cultivation at

The inaugural session was graced by the presence of faculty members and students, marking the beginning of a focused initiative to promote self-employment opportunities through practical skill training.

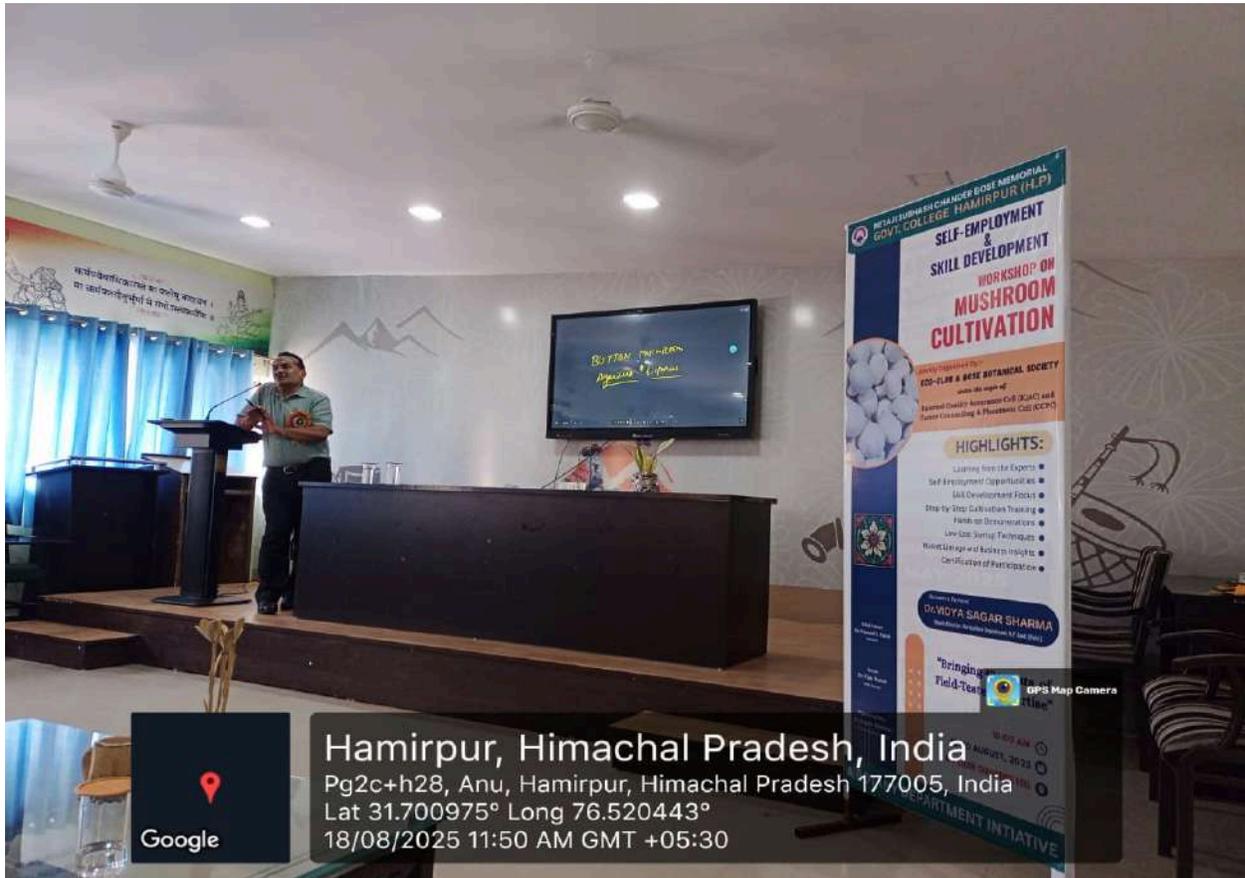

On Day 1, the resource person, Dr. Vidya Sagar Sharma (Retd. Deputy Director, Horticulture Department, H.P. Govt.) delivered an insightful session on the theoretical methodology of mushroom cultivation. The lecture covered various aspects, including the biological requirements, cultivation techniques, and economic potential of mushroom farming. The session provided participants with a strong conceptual foundation and highlighted the scope of mushroom cultivation as a viable avenue for self-employment.

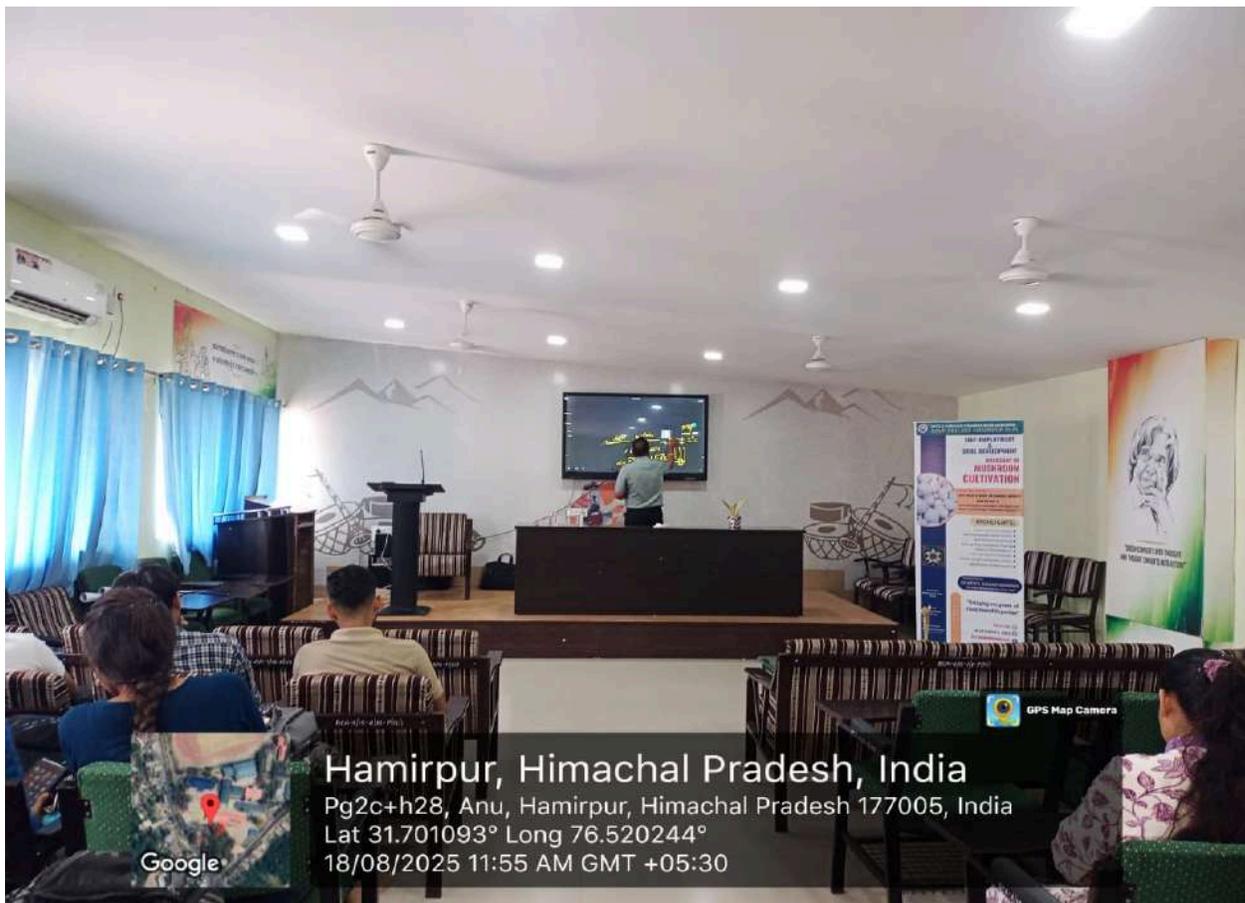

The resource person emphasized both the scientific principles and the entrepreneurial aspects of mushroom cultivation, ensuring that students not only gained academic knowledge but also understood its practical applications in real-world contexts.

The hands-on practical exercises are scheduled to begin from tomorrow, where participants will get the opportunity to engage directly in the cultivation process under expert guidance.

The workshop is expected to provide holistic learning by blending theoretical knowledge with practical skills, ultimately empowering students to explore self-employment opportunities in sustainable agriculture and allied fields
