Report on Academic Achievement of Students Qualifying UGC-NET/JRF in Commerce
The Department of Commerce, N.S.C.B.M. Government Degree College, Hamirpur, has consistently encouraged students to pursue higher education and competitive examinations. Through systematic mentoring, regular academic guidance, career counselling, and special coaching sessions, several students successfully qualified the **UGC-NET/JRF Examination** during the current academic session as well as previous sessions.

The department organized orientation programmes, subject enrichment lectures, mock tests, research guidance sessions, and one-to-one mentoring to strengthen students' conceptual understanding and examination preparedness. Faculty members continuously motivated students to develop analytical thinking, research aptitude, and confidence required for national-level competitive examinations.

As a result of these sustained efforts, students from different postgraduate batches qualified the **UGC-NET/JRF in Commerce**, bringing recognition to both the Department and the College. Their success reflects the quality of teaching, effective mentoring, academic planning, and the learner-centred approach adopted by the department.

Along with success in competitive examinations, Commerce students also secured top positions in B.Com. University examinations, further demonstrating the department's commitment to academic excellence. To recognize these outstanding achievements and inspire future aspirants, the department displayed an **Academic Achievers Flex Board** highlighting the names and accomplishments of the students.

This achievement has motivated the junior batches to prepare for NET/JRF and other competitive examinations, thereby creating a culture of academic excellence, research orientation, and continuous learning within the institution.
