ABOUT US

Eternal IAS has been set up as a platform to solve the problems and curiosities faced by the youth in relation to their respective career. The main objective of the Academy is to provide a holistic, convenient and scientific way through the classroom program. Our effort is to provide the youth with a road-map to effective and smart Learning and to encourage them by our motivating Company during their voyage to the path of success. The institute offers high quality and time bound classroom programs. Quality learning and Specialized professional teaching methodology are key points of the Academy. In order to achieve perfection and utmost proficiency, Eternal IAS has designed a unique model for teaching and learning.

MISSION

- To inculcate civic values to the aspirants to be fitted in ART culture of the administration.
- To create exam friendly environment for the youth.
- To provide conscientious and attentive training to the youth to succeed in their respective career.
- To continuously improve the teacher-taught relationship.
- To improve the competency level of the youth.

VISION

Our vision is to share our experience and passion for career building through hard work and dedication to create a path of success.

APPROACH & STRATEGY

The development of skills in youth is more critical today than ever before. In an age marked by technological advancements and rapid global change, the economy demands an adaptable, innovative, and skilled workforce. By honing their unique talents and strengths, young people can meet this challenge and actively contribute to economic growth and social progress. There is a flood of information on internet and in the market which makes things complicated. One should have right strategy to build a career. For the convenience of the youth, Eternal IAS brings you a systematic approach & strategy to shape the future of youth in their respective career.
