## CONCLUSION-

The National Science Day celebration held on 1st March 2025, organized by the Science Faculty of Government College Hamirpur, has been a remarkable success. This event served as a platform to highlight the importance of scientific exploration and innovation, while paying tribute to the legacy of Dr. C.V. Raman. We were honored to have three distinguished keynote speakers—Dr. Chandan (Physics), Dr. Kalyan Sunder Gosh (Chemistry), and Dr. Anju Batta Sehgal (Botany)—who shared their valuable insights, enriching the minds of all attendees with knowledge from their respective fields.

The event also featured five engaging competitions—Quiz, Declamation, Poetry Recitation, Poster Making, and Project Presentations—which allowed students to showcase their talents and creativity. It was inspiring to witness the passion and enthusiasm of the participants as they presented their work, and we commend their hard work and dedication.

The prize winners of different events were honored with certificates and mementos by Dr. Chandan, acknowledging their outstanding contributions. The program concluded with the solemn chanting of the National Anthem.

We extend our heartfelt thanks to the keynote speakers, participants, organizers, and everyone who contributed to the success of this event. Let us continue to embrace the spirit of inquiry, curiosity, and innovation, ensuring that the flame of scientific knowledge keeps burning brightly in our minds and hearts.
