

Online Expert Lecture on Research Methodology in Fish and Fisheries

Department of Zoology
N.S.C.B.M. Govt College Hamirpur

18th Sep 2024;

An online expert lecture was organised on 18th September 2024 by the Department of Zoology, NSCBM Govt. College Hamirpur. The topic of the lecture was concerned with “Fish and Fisheries”. The venue for the event was Room no. 346, Department of Zoology. The online lecture gathers eminent speaker Prof. Anish Dua, Zoology Professor in Guru Nanak Dev University, Punjab. He is specialised in Aquatic Biology, Fish and Fisheries, River and Wetland Conservation. With an experience of over 24 years, Prof. Dua teaches, guides and mentors students pursuing masters and doctorate. He has to his credit over 70 articles, research papers and popular writings ranging from news reviews to publications in specialised journals of high impact. During this period he completed 8 major research projects, and had many National and International collaborations.

Event started at 12:00 pm. Lecture started under the supervision of Dr. Krishan Lal and Dr. Sandeep. The lecture was attended by 60 students of the Zoology Department. Dr. Krishan Lal, gave the welcome address and read the profile of the respected speaker.

The online guest speaker with his excellent communication skills and knowledge formed an optimistic environment. Starting from the introduction, he dived deep into different concepts. He explained the importance of studying population dynamics in addition to studying species. The lecturer explained various concepts in a way that helped students visualise their project work from multiple perspectives. He explained about Aquatic toxicology, Fish Biology, study of water as a substance, microplastics etc. He explained the importance of all other subjects like Geography, Chemistry, Physics in Biology. He explained the important steps to remember during the research. The lecturer suggested several books and expanded the academic horizon, fostering a deeper approach to studies of students. He concluded by stressing the importance of balancing AI usage, with personal creativity, encouraging the students to develop writing skills and critical thinking.

Lecture ended at 1:00 pm. The formal part of thanks was given by Dr. Krishna Lal. It was an excellent learning experience.
